The International Platform to Access Basra's Oil & Gas Megaprojects

“It is an honor to participate in the CWC Basra Conference and to chair some of its sessions. I can see really stimulating ideas and useful discussions taking place... it's important to offer solutions for Basra that can become the economic locomotive of Iraq.”

Ambassador Ramon Blecua
Ambassador/ Head of Delegation
Delegation of the European Union to Iraq

The **CWC Group** is delighted to announce the **6th Basra Megaprojects Conference - Oil, Gas & Environment** returns to **Istanbul, Turkey** on **22-23 October 2019**.

Held under the high patronage of the **Governorate of Basra**, the **Basra Council** and **Basra Oil Company**, the Conference is the leading platform driving new commercial opportunities for Iraq's oil and gas megaprojects, showcasing the **latest technology** and **environmental solutions** which will **increase project efficiency** and help build a **sustainable future** for Iraq's economic capital.

This is your opportunity to join local Government officials and industry stakeholders from across the oil and gas value chain to **secure new deals, identify solutions** and take advantage of exclusive networking opportunities to help **deliver your business objectives** in the Basra region.

Driving Collaboration Between IOCs & the Entire Supply Chain in the South of Iraq

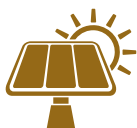

Upstream, Midstream & Downstream Megaprojects

Find out about the latest projects and export facilities in the south of Iraq, and expand your business

Natural Gas Projects

Discover new projects to develop Basra's natural gas infrastructure and further increase production of this important fuel for Iraq's social and economic recovery

Power, Renewables & Water Contracts

Discover opportunities in power generation expansion and water solutions for megaprojects

Environmental Focus

Supported by the Ministry of Oil, the conference brings together leading companies to share insights

New Technologies & Digital Innovations

Connecting Basra's Megaproject stakeholders to solution providers

Tenders, Procurement, Funding & Insurance

Identify the procedures to make megaprojects cost-efficient and deliver greater output

Get the Latest Project Updates from Government & Industry Leaders

The Leading International Conference for Basra's Oil, Gas & Environment Sectors

“The Conference is the annual event gathering for the Basra Government and investors to discuss the development of oil and gas megaprojects, and to find solutions to the environmental issues; by presenting the latest innovations in technology for oil, gas and water projects as well as exploring electricity and renewable energy projects.”

Assem Jihad
Spokesman of the
Minister of Oil
**Ministry of Oil,
Federal Republic of Iraq**

“It is a great opportunity to understand the vision of the administrative departments and companies specialised in the field of oil, gas and electricity on the development of Basra and make it one of the most important economic cities in the world, and also to meet such important people in one location.”

Mohammed Hashim
Director General
**Ministry of Electricity,
Federal Republic of Iraq**
